

The Custom Order Form

The details you may require are highlighted below, including what information we would require from you, payment and delivery times. When making a custom order we require specific information from you regarding the jacket.

By filling out the form below and send it back to us on swaylee2001@yahoo.co.uk, we can contact you to confirm we can make the jacket and any other information we would require from you.

Note that when sending measurements, it is best to gather the information from a jacket that you already have that fits you well. If possible, WE MUST HAVE ALL THE MEASUREMENTS LISTED BELOW, OTHERWISE MISTAKES CAN BE MADE WHICH COULD AFFECT YOUR SATISFACTION.

Please bear in mind custom made leather jackets fit very close to the body and run smaller than regular jacket sizes.

(see Frequently Asked Questions for more information)
